DETAILED ACTION

Response to Amendment

1. Receipt is acknowledged of the Appeal Brief filed August 10, 2005.

Allowable Subject Matter

2. Claims 1 and 45-65 are allowed.

The following is an examiner's statement of reasons for allowance: the closet prior art of the record Youn (US 6,592,118); Shepherd et al. (US 6,484,938B1) taken alone or in combination does not teach, disclose, or fairly suggest a media cassette that can receive media guided thereinto by a partition while in an automated banking machine. The prior art of the record is also silent about a cassette removing/inserting a cassette causes a movable partition to become automatically locked or unlocked. Youn teaches that a push plate is unlocked after the cassette has been fully inserted into an ATM. Neither Youn nor Shepherd teaches a movable partition that is automatically locked during removable of the cassette from the automated banking machine. After further search and thorough examination of the present application and in view of the Applicant's arguments, claims 1 and 45-65 are found to be in condition for allowance over the prior art made of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
